

Link2Trials recruitment process — the patient perspective

Patient will see the study information on social media or on Google search.

If a patient clicks on the online/social media advertisement he/she will be redirected to the study landing page. This study landing page will include the high level information about the study. In additional tabs more information is provided about the sponsor and other trial related questions and answers.

If a patient click on the "apply for this trial button the patient will complete the online pre-selection questionnaire.
